**Avg. Student
Enrollment**

Greater stability in funding from year to year and better service to students

Amends the Safe Schools Law of the School Code. In provisions concerning funding, provides that in any fiscal year in which the State funding allocation is at or above \$22,730,000, each alternative school program shall receive \$100,000 for that fiscal year (instead of receiving funding in the amount of \$30,000), plus an amount based on the ratio of an educational service region's or the Chicago public school system's average student enrollment (instead of best 3 months' average daily attendance in grades pre-kindergarten through 12) to the statewide totals of these amounts. Makes conforming changes. Effective immediately.
